Lives Transformed Through Your Support

600,000+

residents at risk of losing health coverage in North Carolina.

Access to care remains fragile across WNC

- Rising costs strain working families
- Insurance gaps persist
- Transportation and work barriers limit care

Your support ensures our neighbors never have to choose between life-saving care and basic needs.

39%

increase in BMI follow-up plans

36%

increase in patients served

31%

increase in colorectal cancer screenings

Your generosity powers care at every level.

Become part of the Vecinos Circle with a monthly or annual pledge.
